

## FISTULA FIRST RECOGNITION PROGRAM

In January 2007, we implemented the Fistula First Recognition Program. Each quarter, the Network will assess facility AVF rates and classify facilities as follows:

**FIGHTING FORTIES** - AVF rate between 40% and 49.9% maintained for 3 months

**FANTASTIC FIFTIES** - AVF rate between 50% and 59.9% maintained for 3 months

**STUPENDOUS SIXTIES** - AVF rate of 60% or greater maintained for 3 months

**SIZZLING SEVENTIES** - AVF rate of 70% or greater maintained for 3 months

Below is a listing of facility rankings for the 2nd quarter (April, May, and June) of 2007. Where does your facility rank?
